WAITING FOR THE WIND (Grosvernor, Harrison, Wright, © 1969)

Start &

1. Lonely is the night now that darkness has fallin',
Nothing seems right and the world is callin'.
Everybody's looking back as the wind comes whispering by,
The're waitin' for the answers then, like the time they heard a cry.

CHORUS: Hang on - don't ever go
Life's here - I know

2. Wind called on me, how it took me by surprise
Cause night come upon me, creeping through the distant skies.
Wind tell me what you can 'bout the life - what I came from,
A breeze blew and whispered then in a voice rich as the sun.

& **CHORUS** x 2

BETTER BY YOU, BETTER THAN ME (Gary Wright, © 1969)

1. You can find a way to be my passion, you listen to the blood flowin' in my vein
You hear the teaching of the wind, tell her what I'm like within
I can't find the words my mind is dim... It's better by you better than me
2. Guess you'll have to tell her how I tried to speak the thoughts of hell so long inside
Tell her now I've got to go fight in the streets and guide the sword
Tell her the world's not much fallin' for... It's better by you better than me

BRIDGE:

CHORUS: It's better by you better than me
You can tell her what I want it to be
You can say what I only can see
It's better by you better than me

THAT WAS ONLY YESTERDAY (Gary Wright, © 1969)

1. Guess I'll have to get out of this town, no sense in my waiting around
Only thing left for me here is pain.
She's gone for sure now why pretend, left last night with a friend,
Leaving not a word that would explain.

CHORUS: That was only yesterday
But will I ever face tomorrow?
She took away what I'd had
And returned it full of sorrow

2. I think I better find somewhere a place where I won't care
I need some time to hide my shame.
Was only just one day ago found what I'd been searching for,
Had left town on a late night train.

And ...
